A large blue circle with a smaller blue circle inside it, centered on the page. This represents a target or a goal.

CONSULTANT:

<u>CONSULTANT:</u>				
				

A handwriting practice sheet featuring three rows of horizontal lines. The first row contains the letter 'H' written in blue ink, with a blue line extending diagonally upwards from its top bar. The second row contains the letter 'P' written in blue ink, with a blue line extending diagonally upwards from its top loop. The third row is empty.

Notice:
Do not scale drawings. Contractor is responsible for verifying dimensions and details in the field. Report any discrepancies.

The image shows a detailed site plan of a building complex, likely a university or institutional building, with a scale of 1:5000. The plan includes various rooms, courtyards, and external areas. Three specific sections are highlighted with blue outlines: one large section in the center-right, one rectangular section below it, and a smaller section at the bottom. A large blue circle is drawn around the central highlighted area, which contains a large, dark, irregularly shaped building. The plan also features a north arrow and several labels for rooms and areas.

The diagram shows a cross-section of a seal assembly. At the top, a rectangular frame labeled 'Seal' is shown with a blue line indicating its boundary. Below the frame, two concentric circles are drawn, representing the seal itself. The inner circle is a smaller circle centered within the larger one. The entire assembly is rendered in blue lines on a white background.

A hand-drawn technical sketch in blue ink on white paper. The drawing depicts a three-dimensional block with a stepped base. A central U-shaped cutout is present on the top surface of the block. The sketch is drawn with simple lines and lacks fine detail.
